

Dear IAF Member,

UKAS ANNOUNCEMENT – Change of UKAS Logo & Symbols

I am pleased to announce that UKAS has just launched its new brand. We are extremely proud of the UKAS brand and its heritage, and our refresh honours this whilst creating a more modern image. Our updated brand represents our progression as a forward-thinking organisation, whilst reflecting our longstanding commitment to quality, service and technical expertise.

In particular I would like to bring to your attention the fact that not only have we refreshed our website (www.ukas.com), but we have also updated our company logo (as shown at the top of this letter) and the accreditation symbols that our customers use to demonstrate that they hold UKAS accreditation (as shown below). We appreciate that it may take some time for customers to update their systems to show the new symbol and hence have allowed transition periods as shown below.

- Digital Materials – 1 year from launch (1st February 2022)
- Printed Materials – 2 years from launch (1st February 2023)
- Certificates – 3 years from launch (1st February 2024)

Therefore, please be aware that over the coming weeks you may start to see CAB reports and certificates displaying the UKAS symbol which is different to what you are used to, and that both new and old symbols will be valid over the next couple of years.

Yours sincerely,

Matt Gantley, Chief Executive
