

EUROLAB Meeting Reports

Title of the meeting :	EA-IC Meeting
Date :	Oct. 01st, 2020
Venue/Location :	Remote Meeting
EUROLAB Representative :	Andreas Kinzel
Summary / Main outcomes:	<ul style="list-style-type: none"> N/A
Issues for discussion by the Board of Administrators:	<ul style="list-style-type: none"> <u>Subject:</u> Publishing of FAQs. Chair has informed that FAQs of HHC, CC, LC & IC have been discussed in last EA-EX meeting. It was stated that implementations were different from one to another committee. It has been decided that Committee Chairs should discuss and reach common solution on how to deal with FAQs. Actual just the EA-CC publishes the FAQs public available. EA-IC has denied this, but this will be discussed within the next EA-EX <u>Subject:</u> New inspection technologies. UKAS has presented application of new technologies in the field of inspection (see special pps-file "AI 5.11_EAIC(20)19_EAIC Oslo Presentation I.Ronksley_Updated Sept 2020")
Issues for discussion by / information to TCQA:	<ul style="list-style-type: none"> <u>Subject:</u> EA-5/02. The draft of the revised EA-5/02 as written by the TFG has been presented as well as the comments and a reference table comparing ISO/IEC 17020, ILAC P15 (2020) and the old EA-5/02 (2015). EA-IC has opened a 60-day comments period. <u>Subject:</u> remote inspections. Chair has presented a survey concerning the needs of NABs and relatively for CABs on remote assessment and inspection. 31 NBs attended this survey (see special pdf-file "AI 5.10 Analysis of Survey Results")
Issues for discussion by JTC PTC:	<ul style="list-style-type: none"> N/A
