

International Conference THE LAB OF THE FUTURE

Organized by ALPI - ASSOTIC in collaboration with EUROLAB

19 May 2022, 14:15 – 18:00

Centro Congressi Cavour – Via Cavour, 50/a Rome (Italy)

The Conference is intended as an opportunity for some in-depth information on digitization, on possible developments in digital metrology, but also on unpostponable needs, such as the sustainability of laboratory activities and IT security. The Conference, therefore, aims to point out that sometimes the future cannot wait, and, in some cases, the future is now.

To attend the Conference, please register here **by Friday 29 April 2022:**
<https://forms.gle/n7hExth8XzjG6Uyk7>

Agenda - International Conference
